

## *Consulting Services*

### Consulting Services

#### Who Is This For?

All bodyshop owners looking to improve their business.

We understand the value of your team's time and the need to keep your staff in the repair facility performing their work. It's not always convenient and/or effective to send employees to off-site training classes and hope they bring back new ideas to implement. Therefore, our on-site consulting packages may be the better solution for you.

Akzo Nobel is known for providing exceptional consulting services. The allocation of a full-time Business Consultant shows our commitment to body shop profitability.

The largest and most capable group of experts in the industry provides your shop with proven performance enhancing services. Acoat® selected Business Consultants follow a structured methodology of assessment, analysis, recommendation and implementation to ensure successful results for the bodyshop.

Acoat® selected members who choose Consulting Services as will have access to the ongoing support of a Business Consultant. You, with the help of your Business Consultant, can evaluate and analyse your business, then customise programs to meet your exact needs and goals.

#### Standard Consulting Services Available:

- ◆ Paint Materials Management Analysis
- ◆ Pay Plan Analysis
- ◆ Improving Production Processes
- ◆ Operations Review
- ◆ Marketing Planning
- ◆ Facility Layout & Design
- ◆ Equipment Consulting

Don't see what you need? We also offer custom on-site consulting services for all aspects of bodyshop operations.

- ◆ Establishing & Implementing Standard Operating Procedures (SOP's)
- ◆ Implementing a scheduling system
- ◆ Evaluating parts management practices
- ◆ Lean Manufacturing integration
